LINDBERGH TO RETURN ON THE CRUISER MEMPHIS

Aviator Accepts President Coolidge's Offer of Vessel For His Trip

HONORS ON JUNE 11TH

Controversy Now On As To Where the U. S. Hero Will Land

WASHINGTON, June 1 (I.N.S.).—Capt. Charles Lindbergh today accepted "with thanks" President Coolidge's offer of the U. S. Cruiser Memphis on which to return to the United States.

The Memphis will pick up the flyer at Cherbourg and come straight to Washington, where it is planned that he will be honored by the government on the afternoon of Saturday, June 11.

NEW YORK, June 1.—The question of which city—New York or Washington—would be first to give Captain Charles A. Lindbergh the greatest reception of all time today threatened to precipitate a row involving prominent personages in both places.

New York will resent any effort to land the flyer at Washington on the cruiser Memphis instead of at the Battery in New York, as has been recommended by President Coolidge's special cabinet committee. This committee is anxious that the President be given an opportunity to welcome Lindbergh before he leaves for South Dakota on June 13 for his summer vacation.

The Coolidge committee's invitation to Lindbergh to come direct to Washington stunned official New York which had been making plans for days to greet Lindbergh.

"This action is in contra-distinction to every tradition," said Mayor James J. Walker today.

The W. C. T. U. held their medal contest in Community Hall on Wednesday evening, which was well attended and proved highly interesting. There were six contestants for the medal, and as all the recitations were so good, it was rather difficult to choose the winner. Wells Amos was considered the best and received the medal, which was presented by Mrs. Louise White Watson, with a few well chosen words of commendation. The judges were Miss Ada Salen, Mrs. Alex. Ghermie, Mrs. James Hopwood, of Trenton. The other contestants were Lena Calla, Ruth Schumann, Caroline Shull, Francis Small and Norman Bond. The music by the glee club was excellent. Ellwood Kloppenberg and Clinton Nealey gave recitations. A violin solo by Olive Hartman delighted the audience. A flag song and drill by the L. T. L. girls, which was beautifully executed and appreciated, and music under the direction of Mrs. Kelly completed the program.

Mrs. Jane Bacon and brother, Mr. Haines, of Downingtown, who has been spending a week with her, have been visiting relatives in Haddonfield and other places.

While riding through the lower part of the county last week, some ladies were attracted to large masses of blue flowers, growing on a hillside. On examination they proved to be the blue lupine, a flower extremely rare in this section of the country and very hard to cultivate.

Dr. Horace Woolston and family, of Philadelphia, spent the week-end with Mr. and Mrs. Stephen Woolston.

Mr. and Mrs. C. M. Headley and daughter, Eleanor, motored to their cottage near Canadensis on Saturday, remaining there several days. Dr. and Mrs. Clements, of Philadelphia, occupied the Headley home during their visit to the mountains.

Son of Former Resident Killed In Auto Accident

The son of a former Bristol resident was killed in a peculiar automobile accident which occurred on Sunday evening at Highland Park.

The victim is Orville Bunting, son of Mr. and Mrs. Hiles Bunting, of Highland Park, Pa., and grandson of Mrs. Anna Appleton, of Wilson street, Bristol.

The lad, with a number of other children, had been watching the outcome of a slight motorist which occurred near a woman motorist, learning to drive, crashed into a house. This machine was backed from the lawn into the road, and the children were standing in a group near Orville's home, watching. The car was stopped about eight feet from the curb.

At that time another machine came into view, driven by Oliver J. Markley, Mr. Markley, in turning the corner near the scene, saw the other machine which was being backed. He applied his brakes quickly but the car swerved to the left then skidded violently. Striking the curb and a tree Markley's machine, with shattered wheel and splintered top, turned back across the road and struck the group of children. The tots had been hidden from Markley's view by the other machine.

The youngsters were knocked down and witnesses were panic stricken. Ambulances were sent for and the children were rushed to various hospitals. Little Orville died before reaching the Cooper Hospital.

The body will be brought to Bristol on Friday, and services will be held in the Bristol Cemetery chapel with interment in Bristol Cemetery at 3.30 o'clock.

"Bullet Joe" Koehler Forced To Retire After Heavy Hitting

FEATURE OF THE GAME

TULLYTOWN, June 1.—The A. O. H. team, of Bristol, rampaged their way to a decisive victory over the Paterson Parchment Paper Co. team here yesterday afternoon before a record breaking crowd.

The "Hibs" got to the offerings of Koehler in the early innings, with a barrage of base hits forcing "Bullet Joe" to give away to "Chink" Raub in the fifth. Raub didn't fare any better than his predecessor, and before the fatal fifth was over Carmen took up the pitching burden. The "Hibs" amassed a total of 10 runs in this inning. They sallied into Carmen's shoots, and knocked him for 6 runs in the sixth, making the total runs 20.

The box score below will enable the reader to figure the hitting features of both teams, as they are too numerous to mention. The "Hibs" outfield played a snappy fielding game and by their defensive tactics turned many labeled hits into outs.

The dining room table was decorated in red, white and blue strips of crepe paper running to each place as a marker. Effective red, white and blue colored baskets filled with candies and bearing a small American flag and a red candle were the favors. Dressed lollypops standing in apples were also found at each place. One birthday cake bore ten lighted candles while the other was decorated in pink candies telling the hostess' age and also showing her initials.

SECRETARY OF BUDEGT, TOWNSEND, GIVES ESTIMATES

Figures Show Increase In The Expenditures of But \$5,000,000

BIENNIUM STARTS NOW

State Will Spend Approximately \$278,000,000 In Two Years

Final estimates for the coming biennium were made public today by Arthur P. Townsend, Langhorne, who is Secretary of Budget in Governor Fisher's cabinet.

During the biennium which begins today Mr. Townsend says that the State of Pennsylvania will spend approximately \$278,000,000 on all of the various activities for which the Commonwealth directly or indirectly, is the paymaster.

When the treasury completes its monthly audit late tomorrow a balance of \$8,520,006 is expected in the general fund. At the end of the next biennium the estimated treasury balance will be \$316,574.

Expenditures from the general fund during the coming biennium are estimated at \$145,105,154. During the past two years it was \$125,071,322. Part but not all of the increase is caused by the provisions of the Woodward Senate bill which abolished a large number of special funds, merging them with the general fund, and requiring that payments be made from the main account of the Commonwealth.

Adding to the general expenditures those from the special accounts retained the total of \$278,000,000 is reached. That figure shows an apparent increase for governmental expenditures of but \$5,000,000. Instead the real increase for the next two years will be near \$30,000,000. During the past two years \$30,000,000,000 was received from the sale of road bonds which will not be available during the coming biennium.

The main items in the funds not handled by legislative appropriation are \$107,000,000 which will be handled by the department of highways and approximately \$20,000,000 which is received by State aided schools and institutions and which does not come into the general funds of the state.

Secretary Townsend estimates the revenues for the coming biennium at \$135,107,502, an approximate increase of \$4,000,000 over that made by Auditor General Edward Martin. Townsend's detailed estimates include the following items: Corporation taxes, \$74,745,670; miscellaneous taxes, \$10,113,551; miscellaneous income, \$3,270,992; collections of county officers, \$40,344,924; licenses, \$1,235,732; fines, \$110,095 and miscellaneous sources, \$3,294,428. To this is added the expected treasury balance of \$8,520,006 and \$2,794,229 in special funds which tomorrow will be transferred to the general fund.

All biennial allocations will be made on a 50-50 basis, Secretary Townsend said. During the past biennium the allocations were made on a 55-45 basis. The equal distribution for each of the years, Townsend believes, keeps departments and institutions on a more careful schedule of expenditures.

Secretary Townsend also made public the detailed amounts which will be received by the various departments of the state government. After the original budget figures were announced Governor Fisher approved a score of appropriation bills which had been pending because of various disputes surrounding them.

The final schedule shows that the total cost of the schools for the next two years will be \$74,329,205 while state aided penal and correctional institutions receive \$29,775,300.

WEDNESDAY, JUNE 1, 1927

JUNE

The poets have done well by June. The subject supplies inspiration enough for any rhymester to do his best.

If June is ordinarily well behaved it deserves all that the great and little poets have sung about it. Occasionally the month shows a rebellious spirit, but so rarely is this true that the exceptions may be taken to prove the poet's rule of blessedness and praise for June.

Nature perfects herself in the sixth month of the year. Perhaps some persons will hold that nature's perfection comes at the harvest season which falls well forward into the hazy days. There is, however, a harvest of flowers as well as of fruits and grains, and the abundance of blossoms comes in June along with brides, girl graduates and other things pleasant to look upon.

NO SUBSTITUTE FOR SLEEP

The Mellon Institute scientists who sleep too little did not make a discovery. That has long been a matter of common knowledge, and it could be added that the student is not the only member of society who doesn't sleep enough. That is the complaint of most active adults.

The experience of many supports the adage that one cannot burn the candle at both ends. No golden hours are spent more wisely than the hours spent in sleep, and there are certain hours of each day which cannot be better "saved" than by spending them in bed. It is not the part of wisdom to spend in study or any other occupation, however commendable, nocturnal hours that should be devoted to rest and recuperation.

There are exceptional people who can thrive on less than the average requirement of sleep and a majority of persons, for one reason or another, get along on less than their requirement but it is universally recognized that the shortest road to impaired health and physical inefficiency is sleeplessness.

Some day chemists may discover a chemical which will produce artificially the effect now produced by sleep. Until that time the wise man will get enough sleep.

WOMEN WITH BOBBED HAIR VERY EASILY GET RID OF GRAY HAIRS

With Color Glands Normal Nature Keeps Hair Natural Shade

SENSIBLE ADVICE TO WOMEN TURNING GRAY

Everyone knows if their color glands and hair roots are active and normal they will continue indefinitely to have rich, natural colored hair entirely free of gray, or off-colored locks, so why use dyes or tints?

A doctor several years ago asked himself this question: "If with certain medicines I can stimulate my patient's color glands, why not rub a stimulating tonic into the scalp that will re-activate glands so that nature in her own inimitable way will resume putting plenty of pigment into the hair tubes? Surely the hair will then again resume its original shade and color regardless of the users age or previous condition of their hair."

REMARKABLE DISCOVERY

He didn't want an artificial dye or tint and it of course must be harmless and something that could be used for years and years without the slightest injury to hair or scalp. Just like a tonic that builds up a person's strength after some long wasting illness, he wanted a tonic that would revive and

stimulate the inactive, weak, or dormant hair roots and color glands.

Under the name of Lea's Hair Tonic anyone may now purchase the scalp food and tonic he finally perfected. For several years hair dressers and specialists have been using it. Results are so natural, gradual and nice that men as well as women use it.

It doesn't stain the scalp. One's friends seldom notice the gradual change and to test what it will do one need only apply it to some small spot for a week or two and wait results.

Men and women in all walks of life have been amazed at the younger appearance that come with the disappearance of gray hairs from their head. Evidently one need never become gray if they keep the scalp and roots toned up with an occasional massage with Lea's Hair Tonic.

If any reader desires to try a bottle of Lea's Hair Tonic on the maker's absolute guarantee of satisfaction or money back, they should purchase a bottle at the drug store or pin a dollar bill to this advertisement and send with name and address plainly written to Lea's Tonic Co., Brentwood, Md. \$1 bottles parcel post anywhere with full directions.

No one need have gray or off-colored hair any more.—(Adv.)
